📍 Minneapolis, MN, USA / Toronto, ON, Canada ✉ shang.grace@outlook.com ✉ shang229@umn.edu

Education

- | | |
|--|-------------------------------|
| University of Minnesota, Twin Cities
<i>Ph.D. student in Biostatistics</i> | <i>Aug. 2026 – May 2031</i> |
| University of Toronto, St. George
<i>Honors Bachelors of Science with High Distinction</i> | <i>Sept. 2022 – June 2026</i> |
- **Programs:** Mathematics and Applications in Statistics specialist, Computer Science minor
 - **Relevant Coursework:** Multivariate Data, Nonlinear Optimization, Machine Learning, Real Analysis, Time Series, GIS, Databases

Academic Fellowships and Awards

- | | |
|---|--------------------|
| Jean Roberts Biostatistics Fellowship
<i>University of Minnesota, Twin Cities</i> | <i>2026 - 2028</i> |
| PhD Scholars Award
<i>University of Minnesota, Twin Cities</i> | <i>Apr. 2026</i> |
| Galois Award in Mathematics
<i>University of Toronto, St. George</i> | <i>Feb. 2025</i> |
| ◦ Awarded to the top students in the Mathematics Specialist program. | |
| Alen Milne McCombie Award
<i>University of Toronto, St. George</i> | <i>Nov. 2025</i> |
| ◦ Awarded to students based on academic merit. | |
| Dean's List Scholar
<i>University of Toronto, St. George</i> | <i>2023 - 2026</i> |

Professional and Research Experience

- | | |
|--|--------------------|
| Data Learning and Visualization Intern
<i>Evergreen Canada</i> | <i>Summer 2025</i> |
|--|--------------------|
- Developed visualization and analysis pipelines for data collected by Evergreen Canada as one of three members of the Measurement, Evaluation, and Learning team.
 - Presented findings to Evergreen's National Support Board meetings.
 - Assisted with research on climate resilience by conducting literature reviews, developing and administering surveys, and preparing guidelines for public use.
 - Primary tools used: R, Python, QGIS, ArcGIS, Microsoft suite.

Teaching Experience

- | | |
|---|--------------------|
| Teaching Assistant (MAT237, Multivariable Calculus)
<i>Department of Mathematics, University of Toronto</i> | <i>2024 - 2026</i> |
|---|--------------------|
- Lead weekly tutorials (approximately 60 students per year) and office hours.
 - Supported course logistics by marking assignments, invigilating exams, and assisting in exam development.
- | | |
|--|--------------------|
| Textbook Design Assistant (MAT237, Multivariable Calculus)
<i>Department of Mathematics, University of Toronto</i> | <i>Summer 2024</i> |
|--|--------------------|
- Developed new exercises and visualizations for the course textbook using student data from previous course iterations.

Professional Skills

Programming languages: R, Python, SQL, JavaScript

Technologies: QGIS, ArcGIS, Microsoft and Google suites, VCS, LaTeX/TeX
